

LUCY Lucy

My name is Lucy and you guys had me up for adoption at Petsmart on Oct 29 when this really nice man and lady decided to take me home.

As you can see from the first picture, I have an older human sister who carries me everywhere. I have 2 older kitty brothers now who are pretty big and I am hoping to be just like them someday. I am really thankful for my new home. I really love my human mommy and cuddle with her every night in a big warm bed. On really cold evenings my big brothers and I all cuddle with her in bed.

He is not in the picture, but I also have a doggie brother who is REALLY big. At first he scared me a lot, but now I know he just wants to play and hang out.

There are lots of things to play with at my new house and I have gotten into some into some minor trouble, but my mommy says its okay because I am still a baby.

It was nice knowing you guys while I was with you, but I just wanted to let you know that I am happy in my new home.

Thank you,

Lucy
(Mark and Kerry Rush, Wilmington)
