

Shinobi's Home

Dear Cat Tails, We just wanted to write you a quick note about the wonderful new member of our family, Shinobi (formerly Nerf). We adopted Shinobi from the Petsmart's Cat Tail's center back in early December 2007. We had come in every Saturday for months looking for a kitten, and with the help of some very nice people at Cat Tails found the PURR-FECT pet for us! Shinobi was being fostered by a great family in Wilmington and when they brought her in to meet us it was love at first sight! From the very first night she was right at home. She is very loving and playful, always there to greet you when you get home and loves to watch TV and help us work on the computer. Our laptop is her favorite toy, if the mouse moves on the screen she follows its every move. There are now paw prints all over the screen! But anything that moves is her toy, including necklaces, shoe strings and our feet under the covers! She loves to sleep on her daddy (as you can see in the pictures below) whether it's his stomach, back or even his face! Thanks so much to the wonderful people at Cat Tails and Shinobi's foster family that took such good care of her. We cannot imagine life without her . . . she completes our family. Attached are some pictures of our little baby.

Thanks, Rochelle, Dana and Shinobi [1/7/2008]
