

# Trixie / Winnie now

October 27, 2011

Hi!

Thank you guys so much!

I wanted to give you an update on Trixie now called Winnie she adjusted really well to the house and loves running around and plays with string a lot. She uses her litter box well and is a great cuddler and she is so sweet. I love her to death. She has already been to the vet and is up to date on her shots. She had a minor ear infection but we treated it. She is very happy and is super friendly.

Thank you so much she is the best cat ever.
